Now... save almost 50% on the hit records you want!

AND HERE ARE OUR SAVINGS IN ADVANCE.

ANY 12 HIT RECORDS \$286

YES, IT'S TRUE—if you join the Columbia Record Club now, you may have ANY 12 of these records for only \$2.86. And all you have to do is agree to buy as few as ten records (at the regular Club price) during the coming two years.

That's right!—you'll have two full years in which to buy your ten records. After doing so, you'll have acquired 22 records—but you'll have paid for just half of them... that's practically a 50% cash off regular Club prices!

AS A MEMBER you will receive, every four weeks, a copy of the Club's entertaining music magazine. Each issue describes the regular selection for each musical interest and almost 300 other records... hit albums from every field of music, from scores of record labels.

If you do not want any record in any month—just tell us so by returning the selection card by the date specified... or you may use the card to order any of the records offered. If you want only the regular selection for your musical interest, you need do nothing—it will be shipped to you automatically. And from time to time, we will offer some special albums, which you may reject by returning the special dated form provided—or accept by doing nothing.

RECORDS SENT ON CREDIT. Upon enrollment, the Club will open a charge account in your name... you pay for your records only after you have received them. They will be mailed and billed to you at the regular Club price of \$4.98 (Classical and occasional special albums somewhat higher), plus a mailing and handling charge.

FANTASTIC BONUS PLAN. As soon as you complete your enrollment agreement, you will automatically become eligible for the Club's generous bonus plan, which entitles you to one record of your choice free (plus 25¢ for mailing and handling) for every one you buy thereafter!

SEND NO MONEY—JUST THE COUPON. Write in the numbers of the twelve records you want, for which you will be billed only \$2.86, plus mailing and handling. Also indicate the type of music in which you are most interested.

BONERS, MOANERS² AND GROANERS!

For more than thirty years I have taught those darling little children in the grade schools. It has been necessary for me to give them examinations on what they have studied and learned. Sometimes the examination is written. At other times it is oral. I also have to ask them questions about what they are doing. One thing is certain: If teacher doesn't make an effort to be very clear in pronouncing a word or doesn't make the meaning of a thought or idea clear—those kids can give you unusual answers.

In addition, they always enjoyed trying to catch teacher with a riddle or puzzle. Or find something that teacher doesn't know. We were studying Ancient History. All about the early Romans and Greeks. Frank raised his hand. "Who are the Chelonians? I can't find anything about them in my book."

I repeated his question to myself. I never heard about the Chelonians. Did they come from Europe? Or Asia? Or perhaps the Mid-east? And then Frank continued speaking.

"We have some Chelonians at our house. I think my father will let me bring two to class if it is o.k. with you."

So the next morning he brought two Chelonians to class. And so I learned who or what a Chelonian is. A Chelonian is a turtle! Shows you how kids can teach something to a teacher. How happy Frank was about it. I hope the two little turtles felt the same way, and I admit I checked up on him—and he was right.

In spite of what some people think, the average teacher is still a human being. And he or she can be annoyed by a certain pupil. There were times when I prayed that Morton's father would get a job 3,000 miles away. And move there with his entire family, including his pet and pride. But I got the chance to get back at Morton. He was always failing on his examinations. And he rarely came early to school. But on this Monday morning he came ahead of time.

"Bright and early I am," he smiled at me. Waiting for words of praise.

"Early you are. That I admit. But not bright. You failed your last four examinations," I told him.

He said nothing for two minutes. I figured the wheels in his brains were turning.

"Are you calling me a dumbbell?" he challenged.

"Depends upon which dumbbell you are," I snapped back at him.

"Definitely not the dumbbell I use for my morning exercises. If you think you are the other kind of dumbbell, it is o.k. with me."

He was quiet the rest of the day. I figured he would go home and complain to his mother. I would see her the next day. Nothing of the kind. We had a spelling test—and I could hardly believe my eyes! He passed with a 87!

"I don't want to be a dumbbell," he told me. "Anyway my father said he would give me .25 cents if I passed a spelling test."

I soon discovered that when I was tired, that was the time I made my boners. I gave the class a short test:

"What do you think is the difference between a pessimist and an optimist?" Only trouble being I dictated the question instead of writing the words on the blackboard.

"A pest in mist is a fellow who annoys you when it is raining and an upter mist must be somebody high in the rain," guessed one student.

One girl wrote: "A pessimist always sees the cloudy things when it is sunny and an optimist always sees the sunny things when it is cloudy." Not bad at that.

One student must have heard his father discuss it. So he wrote:

"A pessimist looks at a glass and says it is half empty. The optimist says it is half full."

Just remember that answer. Because I read the answers aloud to the class. One student raised his hand:

"Seems to me it makes no difference whether you are an optimist or a pessimist as far as the glass is concerned. You still have it half with water and half with air."

"I'll never forget this one: 'A pessimist is some kind of an insect what goes along the ground and eats up vegetables. An optimist is another kind of an insect what eats up the pessimist.'"

Then there was this one: "A pessimist is a student who gets a mark of 100%. He sees only the last two zeroes. The optimist is a student who gets a mark of 60% and sees only the number 6."

Well, until we meet again and I'll have more to tell you.

THE BEST BASEBALL GAME CANNOT BE PURCHASED IN A RETAIL STORE!

PITCHING • HITTING • FIELDING • RUNNING • MANAGING

Season after season, STRAT-O-MATIC BASEBALL has been sold to thousands of baseball fans exclusively through the mail. But why, you ask? Each year our baseball game is totally revised to reflect precisely the most up-to-date Major League statistics.

STRAT-O-MATIC offers such a current authentic reproduction of real life baseball and such a wide selection of games and individual team combinations, that it is impossible for a retail store to supply our fans.

In business since 1961, the quality and reliability of STRAT-O-MATIC BASEBALL speaks for itself in the fact that we have continued year after year to sell out all our editions.

In our 1971 edition, STRAT-O-MATIC presents you once again with the finest in baseball realism and entertainment. The hitting, pitching, fielding and base running abilities of 480 Major League players is unbelievably reproduced right from the ball park into your home. Leading average hitters such as Rico Carty and Alex Johnson will be among your own league leaders.

Bob Gibson the Cardinal's fine pitcher, will be difficult to hit and will allow few walks and home runs. Wes Parker, Dodger first baseman, will field his position as brilliantly in your game as he does in real life. Without hesitation, we recommend STRAT-O-MATIC BASEBALL'S 1971 Edition to be without equal.

The above are just some of STRAT-O-MATIC's highlights. For the entire story, mail coupon for a colorful FREE BROCHURE containing full detailed information and FREE STRAT-O-MATIC SAMPLES. Send Today To:
